\* The Fourteenth amendment, Provides all individuals, including prisoner, with "Equal protection" under the law, which means government officials cannot make special rules against one race of people. By treating them differently, and poorly and discriminate against them because they are blackman.

\* The protection of the eighth amendment against "cruel and unusual punishment including brutality and inhuman practice.

\* The government official here at Lewisburg Pa. S.M.U. program, under the command and rules of warden Bledsoe, Captain Trate, A.W. Young, S.I.S. L.T. Heath, S.I. A. Perrin, L.T. Galletta, L.T. Edender, L.T. Hooper, L.T. Brouse L.T. Hepner L.T. Shapone.

Have used corporal punishment against the blackman for the following reason's, ① hunger strike, ② not taking a enemy as a cellie, ③ filing grievance, on staff, ④ not following a prison rule that would cause you harm, ⑤ Being Black. The supreme court have bann the use of force and corporal punishment to be applied on any group or people.

This order have been specified and directed towards African American Blackman, on a regular basis, which shows their malicious and sadistic adverse action which is consistent with their negligents and deliberate indifferent towards the African American Blackman in this S.M.U. program. The ideas and events combine illustrates the government officials discrimination against African American Black man in general, are racially motivated

Note: General principles governing imprisonment. The part includes two standards. The ~~first~~ first setting forth principles applicable to imprisonment generally and the second clarifying that prisoners have certain entitlements. government official owes prisoners a duty of care, "meaning" no prisoner should be subjected to cruel, inhuman or degrading treatment by government officials. The lack of understanding a different race of people dose not justify treatment or placing prisoner of a different race in a unhealthy ~~condit~~ conditions that infringe upon prisoner human rights

Note: The imposition of cruel and unusual punishment is unconstitutional conditions of incarceration. I was subjected to punitive, excessive, unnecessary force and from abuse I was not protected from government officials discrimination or their harassment. The conditions I was place in was conducive to maintaining healthy relationship with the government officials who have authority over me here in s.m.u. ~~program~~ program, Under no circumstances should sanctions include. corporal punishment nor the use of restraints such as handcuffs, chains, irons, straight jackets or restraint chair, or any form of cruel, inhuman, or degrading treatment. only black males here at s.m.u. program are subjected to the prohibited criminal act of corporal punishment, being placed in chains handcuffs for not taking a cellie or retaliation for filing grievance. I was also deprived of water, lights and sleep runs afoul of the Eighth amendment (See) Hupe v. Pelzer, 122 S.Ct. 2508 (2002) and jackson, -vs- Bishop, 404. f.2d. 571 (8th cir. 1968)(Blackmun j.).

The U.N. Convention Against Torture, unnecessary pain that precedent clearly prohibits. U.N. Standards are aim to avoid summary corporal punishment. The court held that physical abuses against inmates create constitutional liability, only where the force is applied, maliciously and sadistically for the very purpose of causing harm, rather then in good faith to restore discipline,

look on the back. -7

\*

Note force should not be used against prisoners except for self defense. To protect and ensure the safety of staff, prisoners, and other parties ~~and~~ To prevent serious property damage, or to prevent escape. Under no circumstances should force be used on prisoners to gratuitously inflict physical or mental pain or suffering. To punish for going on hunger strike or not taking your enemy in your cell, white inmates are never put in handcuffs and chains made to suffer, like the blacks are. past or present conduct or to deter from future conduct and to intimidate

④

Force should "not" be used simply to enforce an institutional rule ~~unless~~ ~~the~~ The officials here at the S.M.U. program have been trying to discourage me from seeking protection from harm from their hands by putting me in handcuffs and leg irons that was so tight I have never damage in my left hand and right hand. And the belly chain was so tight it hurt to breath. The video cameras should be looked at, I didn't receive no notification of why I was being placed in hand and ankle chain restraints, ~~was~~ for two days straight? They gave me no answer to why or the reason. There was no risk of harm ~~was~~ directed towards staff or inmates, so force should not be used once the risk that justified it has passed,

I didn't receive no medical report by medical of the injurys I received from the tightness of the handcuff and ankle chains and belly chain.

a investigation should be conducted by the F.B.I, with no presumption ~~on~~ of the truthfulness or falsity of statements and reports by staff.
